2021 SCOTTISH DATEBOOK and DIRECTORY

Reverend John Flynn (founder of The Royal Flying Doctor Service)

1880-1951 (this year is 70 years since his death)

Scottish Associations of SA Website: www.scotasa.com.au

Reverend John Flynn (founder of The Royal Flying Doctor Service)

John Flynn (1880-1951), Presbyterian minister, founder and superintendent of the Australian Inland Mission of the Presbyterian Church of Australia, was born on 25 November 1880 at Moliagul, Victoria, second son of Thomas Eugene Flynn, schoolteacher, and his wife Rosetta Forsyth, née Lester.

In 1903 he began training for the ministry through an extra-mural course for 'student lay pastors', serving meanwhile in pioneering districts of Beech Forest and Buchan. His next four years in theological college were interspersed with two periods on a shearers' mission and the publication of his *Bushman's Companion* (1910).

On completion of his studies for ordination Flynn volunteered for appointment in 1911 to the Smith of Dunesk Mission in the northern Flinders Ranges, South Australia. This parish extended to the rail head at Oodnadatta where the mission had placed a nursing sister and planned a nursing hostel; under Flynn's practical assistance, it opened 11 Dec.

The Presbyterian General Assembly in 1912 appointed him superintendent of its Australian Inland Mission, which, in principle, it established at the same meeting. The South Australian, Western Australian and Queensland assemblies transferred their remote areas adjoining the Northern Territory to Flynn's care, and his new charter was initiated at Oodnadatta Nursing Hostel.

It took another seventeen years before Flynn's caring service to remote homesteads and communities was completed with the establishment of the A.I.M. Aerial Medical Service at Cloncurry in 1928 and Alfred Traeger's invention of the pedal radio in 1929.

In 1933 when the A.I.M. Aerial Medical Service was transferred to the national Australian Aerial Medical Service, all radios and other equipment went as a gift to the people and communities concerned.

The second phase of Flynn's strategy was marked by his concentration on radio and the 'flying doctor'. As early as 2 May 1925, he declared that "the practicability of the Flying Doctor proposal depends almost entirely on the widespread adoption of wireless by bush residents' to provide the link between doctor and patient".

History was made and Flynn's vision became a reality on 17 May 1928 when Dr St Vincent Welch, pilot Affleck at the controls of Victory, answered the first call received by the A.I.M. Aerial Medical Service. Next year Flynn was a delegate to the first world conference on aviation medicine in Paris. Flynn later wrote, 'Flynn the Dreamer ... who saw a vision of a Flying Doctor well before the days of practical flying, but kept it firmly fixed in his mind', was a 'practical man when the time came for action'.

He was awarded an OBE in 1933. In 1939 Flynn was elected to the three-year term as moderator-general of the Presbyterian Church of Australia.

He retired and died in Sydney on 5 May 1951.

THE SCOTTISH ASSOCIATIONS DATEBOOK/DIRECTORY

February 2021 – February 2022

The Executive Committee most sincerely thanks all Societies, Clans, Clubs and Kindred Societies for their co-operation in providing the information for this year's Datebook/Directory.

The material, as published, is correct at the time of going to print but the inevitable alterations throughout the year's Calendar should be allowed for and urge you to contact the various organizations for any updated information.

Functions as listed within the Datebook/Directory may be cancelled, transferred to another date, or altered due to unforeseen circumstances, so check with the respective Society, Clan or Class as to the time and date of any event or function listed when making your bookings.

Whilst every care has been given to Telephone, Mobile, Email and Web details please re-check that the details you require are in fact correct.

All interested persons are most welcome to attend and support any of our Scottish functions.

**Black pudding
Fruit Pudding**

**Pork Chipolatas
Haggis**

**Square Sauages
Gammon**

Our haggis is available as a 2kg Chieftain for parties and ceremonial duties or a more humble 750g Clansman for family get togethers.

We are also very proud of our slicing haggis which is more suited for frying than our traditional haggis, so it is great for breakfasts or even between two bits of bread.

For something different from your friendly butcher, why not try our delicious homemade pies?? Our mouthwatering steak and scotch pies sell out fast every week so be sure to get in quick. Or simply give us a call and place your order to avoid disappointment

Tartan Tuckerbox,

76 O'Sullivan's Beach Rd, Lonsdale

Scottish Produce Available – Cooked or Fresh

The Pipes & Drums of The Royal Caledonian Society of South Australia

What started in 1894 is now commonly acknowledged as the most recognized Pipe Band in South Australia and the oldest civilian Pipe Band in the Southern Hemisphere.

Highlights for the band include performances at the international Royal Edinburgh Military Tattoo's in 2001, 2007, 2011 and 2017 as well as the international Royal Edinburgh Military Tattoo's in Australia in 2005, 2010 and 2016. They also performed at the Basel Tattoo in Switzerland in 2013.

In May 2016 they had the honour of being the only Pipe Band from Australia to be invited to perform with other International Pipe Bands at HM the Queen's 90th Birthday celebrations.

The band actively fosters the Scottish Heritage by encouraging youth involvement in music. No prior musical knowledge is required. Tuition is offered in all facets, piping, snare, tenor, bass drums and drum major. Experienced players are always welcome.

If being in a Pipe Band interests you, please contact our Band Manager for details via email rcspipeband@gmail.com or through details listed - page 27.

CLIPPER SHIP – CITY OF ADELAIDE

Discover the ship that changed South Australia and is one of Port Adelaide’s finest visitor attractions! The Clipper Ship “City of Adelaide”

The City of Adelaide is the world’s oldest surviving Clipper Ship and played a significant role in the colonial history of South Australia.

Constructed in 1864 to carry passengers to Adelaide, South Australia, she carried immigrants from places such as England, Scotland, Cornwall, Ireland, Germany and Scandinavia and made 23 return voyages. With a composite construction it was the pinnacle of sailing ship design. Only two survive today, the younger being the Cutty Sark Recovered from Scotland after a 14 year campaign to save the vessel, the City of Adelaide arrived in Adelaide in February 2014.

Mission

It is planned that the City of Adelaide will be the centrepiece of a Seaport Village, offering the perfect interactive environment for visitors to learn about Australian maritime and colonial history. The Village, in addition to maritime and colonial displays, will reflect the cultures of the passengers and crew.

Location: Dock Two, at the end of Honey Street, Port Adelaide

The information Centre/ merchandise store is located at the entry to the ship.

It is open daily from 9am – 3pm (weather permitting).

Tours are conducted inside the ship daily at 10 am, 12 noon and 2 pm.

Cost \$20 pp or \$30 for families. (Bookings not required; other times by arrangement.)

Telephone: (08) 8337 5645

Suitable footwear required. Please note: NO tours will be held on days of extreme heat.
